

Fundação Dom Luís I, working closely with the various Organic Units of the Cascais Municipal Council, on whose President, His Honour the Mayor, it depends in both hierarchical and functional terms, receiving from him the guidelines that serve to define its programme and course of action, wish to inform all of our friends and other interested parties that, as from today, the 20th of April, through the different platforms that it uses to publicise its activities (the websites of the Fundação and the Casa das Histórias Paula Rego, Twitter, Instagram and Facebook), as well as through the platforms of Cascais Council itself, it is now able to offer virtual visits online to the exhibitions *Paula Rego: Drawing, Enacting, Painting* (in 3D) and *Democratic Painting* (a guided tour, with commentaries by the curators José Manuel dos Santos and Joaquim Sapinho, as well as another visit in 3D).

These visits to the two temporary exhibitions installed at the Casa das Histórias Paula Rego and the Cascais Cultural Centre will be followed by other virtual 3D visits to other museums offering permanent exhibitions to the public, namely the Cascais Town Museum, the Santa Marta Lighthouse Museum, the Condes de Castro Guimarães Museum and the Museum of Portuguese Music.

The Board of Fundação Dom Luís I hopes that, in this way, it will be able to respond to the great

interest that has been shown in these exhibitions and in all the other activities that are currently being developed online, particularly those that are promoted by the Foundation's Cultural and Educational Service, all of which can also be accompanied through the already-mentioned platforms.

The Board of Fundação Dom Luís I, F. P.
